

## ECHOES OF THE ELECTIONS

### Paragraphic Synopsis of Results Throughout Nation.

**Hughes Defeats Hearst, But Remains of the Democratic State Ticket Wins in New York.**

Results of the elections in all parts of the country are shown in the following paragraphs:

New York—Latest reports on the vote for Governor show that Hughes received 746,334 votes and Hearst 684,722. This gives Hughes a plurality on the face of the present returns of 61,612. The plurality for the Republican candidate outside Greater New York was 136,338. The plurality for the Democratic-Independence League candidate in New York City was 74,726. With the official vote of three counties missing, Lewis Stuyvesant Chanler apparently is elected Lieutenant-Governor on the Independence League Democratic ticket over M. Llan Bruce, Republican. On the face of the returns, John Sibley Whalen, of Monroe, is elected for Secretary of State; Martin H. Glynn, of Albany, for Controller; William S. Jackson, of Erie, for Attorney-General; Julius Hauser, of Suffolk, for Treasurer, and Frederick W. Skene, of Queens, for State Engineer and Surveyor by what may be termed comfortable pluralities. Twenty-five Republican and twelve Democratic Congressmen were elected.

New Jersey—Six Republicans and four Democratic Congressmen elected. Republican majority of seven in the Legislature, three of which are pledged to vote against Senator John F. Dryden, makes it necessary for him to secure all of the other Republican votes to succeed himself at Washington. When the majorities by counties in New Jersey were tabulated it was discovered that on the total vote the State had fallen back into the Democratic column by a majority of 11,280. The total Republican pluralities in the counties where the Republican ticket won were 17,370. The total Democratic pluralities were 28,650.

New Hampshire—Chas. M. Floyd, of Manchester, the Republican nominee, falls short just ten votes of being elected Governor. The unofficial figures complete show: Floyd (Rep.), 40,518; Jameson (Dem.), 37,524; Tetley (Pro.), 2113; McCall (Sec.), 888; Churchill, 2. The vote shows a plurality of 2944 for Floyd, but it lacks ten votes to give him the needed majority. If these returns prove correct, the Legislature will decide between the two candidates receiving the highest vote. Two Republican and no Democratic Congressmen were elected.

Alabama—Braxton B. Comer, Democrat, Governor; nine Democratic Congressmen and no Republicans were elected. The smallest county in the State, Winston, elected all Republican officials, which is the first Republican sweep since the reconstruction days.

Arkansas—Seven Democratic Congressmen and no Republicans were elected.

California—Jas. N. Gillette (Rep.) was elected Governor, and eight Republican and no Democratic Congressmen were elected.

Colorado—Henry A. Buchtel (Rep.) was elected Governor; three Republicans and no Democratic Congressmen were elected.

Connecticut—Rollin S. Woodruff (Rep.) was elected Governor; five Republicans and no Democratic Congressmen were elected.

Delaware—Entire Republican State and county tickets elected. Republican majority in the Legislature insures the election of a Republican successor to Senator J. Frank Allee, whose term expires in March, 1907.

Florida—Three Democratic and no Republican Congressmen elected.

Georgia—Eleven Democratic and no Republican Congressmen elected.

Idaho—Frank R. Gooding (Rep.), Governor; one Republican and no Democratic Congressmen elected.

Illinois—Nineteen Republican and eight Democratic Congressmen were elected. Official returns from all the counties in the Eighteenth District give Joseph Cannon, Speaker of the House of Representatives, a plurality of 10,088. This is 2109 less than his plurality two years ago.

Indiana—Nine Republicans and four Democratic Congressmen elected.

Iowa—Albert H. Cummins, Republican, Governor; ten Republican and one Democratic Congressmen elected.

Kansas—Edward W. Hoar, Republican, Governor; eight Republican and no Democratic Congressmen elected.

The Federation of Labor party polled approximately 1500 votes. The Federation claims an island membership of 30,000.

Hawaii—Complete returns for Territorial Delegate to Congress give J. H. Kahanalanaole (Rep.), 7277; E. E. McClanahan (Dem.), 2865; Charles Noley, home rule, 1919. The Legislature will be made up as follows: Senate, Republicans, 11; Democrats, 4; House, Republicans, 24; Democrats, 6. Democratic gains were made everywhere.

In Congress—The Democrats lost three and gained thirty-one Congressmen, giving the total Republican, 223; Democratic, 163.

### 14 NEW REBATE INDICTMENTS.

**Grand Jury Convicted That Grain Elevation Was Absorbed.**

Minneapolis, Minn.—Indictments in fourteen cases were handed to Judge Lochren in the United States District Court covering the giving of rebates by certain railroads and the receiving of the same by grain firms and individuals. The list of railroads indicted follows:

The Great Northern Railroad Company, four indictments, about seventy-five counts; the Chicago, St. Paul, Minneapolis and Omaha Railway, one indictment, fifty counts; Wisconsin Central Railway, one indictment, seventeen counts; Minneapolis and St. Louis Railway, one indictment, five counts.

The indictments against the railroads charge the giving of rebates. Under the head of receiving rebates the following true bills were returned:

W. P. Devereaux Company, McCaul-Dinsmore Company, of Minneapolis; Ames Brooks Company, of Duluth; the Duluth Milling Company.

In most of the instances the railroads are charged with absorbing elevator charges, though in a few cases the return of freight paid is alleged.

Washington, D. C.—Miss Mary Philbrook, of New Jersey, who was admitted to practice in the Supreme Court of the United States, is the twenty-seventh woman to enjoy that privilege. ## BRITT AND BLACKBURN BEATEN

**State Will send a Solid Democratic Delegation to the Sixtieth Congress Sweeping Democratic Victories in the Other Eight Congressional Districts.**

Charlotte, Special.—Late Tuesday night Mr. W. T. Crawford stated that a conservative estimate of his majority is 800. He has surely carried Buncombe by 600; Haywood by 800; Transylvania by 40; Rutherford 500 to 600. Britt has carried Cherokee, Henderson and McDowell by small majorities.

Britt is not yet ready to admit his defeat, though conservative Democrats feel sure that Crawford carried the tenth district by 500 to 800 majority.

In the eighth district Chairman Vanderford places Mr. R. N. Hackett's majority at about 1,000 over E. Spencer Blackburn, the present incumbent. Mr. Hackett's estimated and certain majorities are: Stanley 200; Cabarrus 250; Rowan 1,100; Iredell 935; Allegheny 150. Alexander is in doubt, though a small majority is thought to be Hackett's.

Blackburn has carried Wilkes by 900; Watauga by 40; Ashe by 250, (reduced from 400 two years ago); Caldwell by 66 and Surry by 400.

There is hardly a reasonable doubt but that the Democrats will return ten Democratic Congressmen to the Sixtieth Congress.

Returns are incomplete, but the reports are generally to the effect that the vote was light all over the State.

**Democrats Save the Tenth.**

Asheville, Special.—The Democrats are again victorious in Buncombe county. While the official returns are not all in, it is certain that the entire Democratic ticket has been elected in Buncombe by an average majority 600 to 700. The official count may result in a much larger majority.

Indications are that Crawford has carried Buncombe by 500 to 600 majority. He carried the six Asheville precincts by 331. These six precincts two years ago gave Guder, for Congress 500 majority. Chairman D. E. Sevier, of the Democratic county executive committee, says that the average majority in Buncombe will be 800 to 1,000.

At 10 o'clock Tuesday night little information had been received from other counties in the district. Chairman Lee telephoned from Waynesville that Haywood had given Crawford 800 majority. He also said that reports from some precincts in Jackson county indicate that Crawford will have 125 to 150 majority.

Republicans are claiming that Britt is elected. Chairman Lee says that Crawford is elected by 1,000 majority.

A message at 10:30 Tuesday night says Rutherfordford gave Crawford 500 majority, and that McDowell had gone for Britt by 150.

It is apparent that the tenth district is close and conservative Democrats here do not think Crawford has defeated Britt by more than 500. The result of the solicitorship contest in the fifteenth judicial district, composed of Buncombe, Madison and Transylvania counties, is in doubt. Guy Roberts, the Democratic candidate, telegraphed from Marshall that Madison went against him only 300. If this is correct, Mark Brown, the Republican candidate, is defeated.

A telephone message at 11 o'clock Tuesday night from Waynesville says Crawford's majority in Haywood is 876, with two small precincts to hear from. Four townships in Jackson county give Crawford a majority of 120. Crawford reduced the Republican majority in Bryson City, Swain county, 68 votes.

**A Sweeping Democratic Victory in the State.**

The Democrats have certainly swept the State and they are the proudest of their defeating Blackburn for Congress in the 8th district. Democratic State Chairman Simmons closing his headquarters at midnight, told me the story of the day's work in these words: "We have carried every congressional district. We have increased our majority over the majority against Roosevelt by from 40,000 to 50,000."

"The legislature will most probably be even more strongly Democratic than it now is. It is probably the greatest victory ever won in the State in an off-year. This result is due chiefly to the fact that the State is strongly Democratic, but also in part to the flagrant and open interference of Federal office holders and as a result to ex-Senator Marion Butler, who has become the Republican leader."

**Guild's Election Conceded.**

Boston, Special.—The Globe, Democratic, concedes the election of Guild.

**Current Happenings.**

President Roosevelt is meeting with little success hunting trunks near his Virginia home.

W. A. McBride, of Richmond, explained that the interchange of shots with his father-in-law was due to a misunderstanding.

A large crowd attended the funeral of Col. R. H. Dulany, which was conducted from his late residence in Loudoun county, Virginia.

#### Youth Kills Assailant.

Concord, Special.—Mr. W. M. Rose, the young son of Gaston Rose, who recently came here from Durham, shot and killed Dan Lowder, and slightly injured Wash Foster in an affray at the Brown Mill a little after 6 o'clock Wednesday, just as the night hands had entered the spinning room for their night's work. Mr. Rose is about 18 years of age and is overseer of spinning at this mill of the night shift. Lowder and Foster, while under the influence of liquor, entered the mill and demanded their time. Rose refused to pay them without an order from the superintendent, Mr. H. H. Mayes. The boys attacked the young overseer, Foster with a pistol and Lowder with an open knife. Seeing there was no way of escape, Rose drew his pistol and fired three shots at Lowder, all of which took effect, the man dying instantly between the long spinning frames. Foster received two bullets, one in the shoulder and one in the hand. Neither wound is considered dangerous.

### PAPER AND PROGRESS.

Modern progress and civilization are supposed to be measured in a manner by the amount of paper used. Judged by this the United States amounts to 38.6 pounds per capita. England comes next with 34.3; Germany next with 29.98; France follows with 20.5; Austria with 19; Italy with 15.4. Serbia has the lowest of any European country, the average consumption per capita being only 1.1 per cent, the same that China uses. India has only 0.22.

It has been figured out that nearly half of the paper manufactured is used for printing purposes, twenty per cent is absorbed in the trades and about twenty per cent is used for official and school purposes and the remaining ten per cent answers the demand for private use.

By these estimates there is enough paper used for printing purposes in United States to allot to every man, woman and child, nineteen pounds. There is no doubt that every man, woman and child in this country would be better off if the per capita supply were smaller, provided the wholly useless or injurious printing that is being done were to be dispensed with along with it.—Knoxville, Tenn., Journal and Tribune.
